## Model: JMS-FORTUNA

Fortuna is our answer to unique spaces that require a modern appeal with an efficient and very flexible seating that can be arranged at will to create a new and exciting seating.

Upholstery is Classic Super Performance:

- The fabrics are handcrafted to withstand the rigorous demands of commercial interiors within restaurants, nightclubs, education, hospitality, corporate, and healthcare environments.
- How it feels: soft and supple hand with a true leather-pattern and texture. Performance specifications: Abrasion resistance contract-grade 500,000 double rubs. Enhanced stain resistance with a liquid barrier.
- Environmentally friendly: Phthalate Free, BPA Free, Formaldehyde Free and Lead Free. Fully compliant with all major flammability requirements such California TB 117, NFPA 260 and FMVSS 302.
- Care & Cleaning: Prompt cleaning is always recommended. Clean the soiled area with mild soap and water, then rinse with fresh water and wipe down with a clean cloth.
- Common applications id in hospitality, healthcare, contract, education, marine and automotive industries.

## Model: JMS-Wall Dining Table

- This custom product was designed to provide baseless aesthetically appealing restaurant tables that can accommodate two or more patrons in your establishment. This very space-efficient design provides the warmth and coziness of a luxurious dining experience where the restaurant wall table is suspended in air, it's an art form in itself. The framework underneath the wood is a solid metal L-shape constructed frame that easily anchors to the wall.
- We use the world's renowned very high quality laminate from brands such as Formica® and Wilsonart®.
- We believe in using the best laminate in order to ensure the product is very durable and is ready for your place of business. Do not settle for cheap generic laminate from our competitors.
- Laminate features fire resistance Grade 32 / 50. Stain, scratch and impact resistant under normal use conditions.
- Wall table thickness with laminate is 1-1/6". We can customize to any thickness and size.
- We create each table top from scratch to meet your exact criteria. Hand made in USA.
- Our wall-mounted tables are made from 1-1/8" high quality industrial grade plywood.
- Our frames are made of 1" tubular steel.
- We use only high quality commercial-grade materials to ensure longevity and durability in high traffic areas.
- Table Top 24" x 24" x 1.5"

**Model: JMS-Table Top 2" / 3" (Wilsonart®)**

- Featuring a laminated finish, this table is thoroughly protected from heat, moisture and scratches.
- With exceptional design and craftsmanship, this table perfectly compliments any aesthetic.
- We create each table top from scratch to meet your exact criteria. Hand made in our NJ facility.
- Table top thickness with laminate top is 2-1/6" or 3-1/6". We can customize to any thickness and size.
- Laminate features fire resistance Grade 32 / 50. Stain, scratch and impact resistant under normal use conditions.
- This product will have the same edge banding as the table top itself for a uniform look.
- Table Thickness Availability: 2" or 3"
- Featured Limited Edition Laminates:
- **Salem Planked Chestnut** is a time-worn planked wood with nail and worm hole characteristics. A deep rich red brown with black graining is found throughout.
- **Mocha Olive** is a large scale dark brown monochromatic wood design in a unique figured pattern.
- **North Fork Pine** is a large-scale planked knotty pine design. The wood look is a warm natural pine color with some grey character.
- **Whitewashed Brick landscape** is a large scale brick wall design with bits of red brick showing through in a cross directional layout.
- **Rediscovered Oak Planked** has weathered, planked features in pale to medium oak tones.
- **Pepper Alona** is an open grained, plain sliced oak look with strong cathedrals in a medium grey color in a 5" plank.
- **Border Blue Pine** is a rustic planked woodgrain of varying sizes. The naked woodgrain comes through the overlay of turquoise like timeworn barnwood.
- **Rancho Red** is a deep red planked woodgrain. The deep charcoals of the woodgrain show through like time worn barnwood.
- **Antique Wood** has survived the test of time. The enduring beauty of aged and distressed wood is unmistakable. Weathered to unrefined perfection, it features naturally aged characteristics such as knots, nail holes, and cracks usually found in rustic planks.
- **Istanbul Marble** features luxurious true-to-scale marble pattern. The finish is a light texture that is smooth to the touch with a low gloss visual.

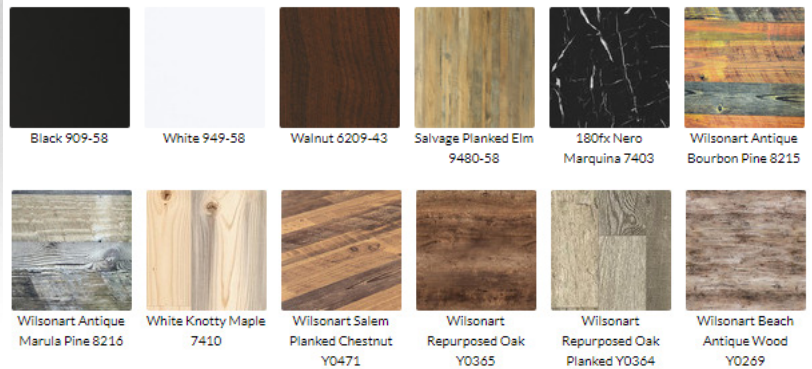

## Model: JMS-COM-30KD

- Featured long tables provide space efficiency and encourages socializing and networking when placed in high traffic areas or can be used to accommodate large parties.
- Application: offices, libraries, shop displays, front of house, lobbies, boardrooms, events and trade shows, restaurants and bars
